APPLICANT TO COMPLETE

FOR INSPECTOR

## **GENERAL CONDITIONS:**

1. The Permittee shall carefully observe the ordinances, rules and specifications adopted by the City of Lynn to govern the work covered by this permit. Failure to observe said ordinances, rules and specifications may result in revocation of this permit.
2. All work shall be in accordance with the Department of Public Works rules and specifications regulating street excavation, curb cuts, sidewalk and street construction, sanitary and storm sewer installations.
3. The Permittee shall give notice to the Department of Public Works, Engineering Office, 24 hours in advance of excavation.
4. A copy of this permit shall be kept at the work site and shall be available to Public Works or Public Safety officials upon request.
5. No work shall result in the concentration and discharge of surface or subsurface water into public or private property without permission of the owner.
6. The permit is null and void unless a valid DIG SAFE number appears on the permit form.
7. It is the permittee's responsibility to provide bond and certification of insurance, indemnification of the City of Lynn, traffic control plan and waiver of claims, as required before the issuance of a permit. Work resulting in violation of the City of Lynn ordinance will be reconstructed to conformance at the applicant's expense.
8. All materials, workmanship and job protective measures, including the use of barricades and police officers, if and when needed, shall be in line with good construction practice set forth in the "Manual on Uniform Traffic Control Devices" and the Massachusetts Department of Public Works manual of "Standard Specifications for Highways and Bridges" subject to the written approval of inspection by the Commissioner of Public Works or his designee. All work, in any event, must be performed to good construction standards to the complete satisfaction of the Commissioner of Public Works or his designated inspector. The contractor shall remain responsible for, and shall warrant and guarantee, the quality of all work including excavations, connections, pipe laying and construction of structures for a period of thirty six (36) months from the date of final inspection.
9. No construction activity shall occur between the hours of six PM and seven AM without the approval of the Commissioner of Public Works or his designee.
10. No Street shall be closed nor detour established without the approval of the Chief of Police, Fire Chief and Commissioner or his designee.
11. No materials shall be stored within the public way outside of working hours without the approval of the Commissioner of Public Works or his designee.
12. Backfill and compaction of all trenches and openings shall be as outlined in Addendum B.
13. The permit applicant hereby authorizes the City of Lynn to make emergency temporary repairs to any street right of way excavation as may be necessary to insure the safety of pedestrians and vehicles and to charge the cost of said repairs to the applicant.
14. The Commissioner of Public Works, or his designee, may revoke this permit at any time should the permittee fail to conform to the City of Lynn Permit Manual.
